

CBL Faculty Vision

In CBL we focus on:

- **Progress**
- **Independence**
- **Engagement**

In CBL we want all of our students to make the best possible **progress**. Every lesson is valuable. We want:

- To promote **independence**
- Foster a **love** of learning through delivering engaging lessons

We will bring the world into our classrooms to make our lessons relevant. We will give students the chance to reflect on what they have learnt.

CBL Faculty Values

- Respect and challenge, a love of learning, empathy, consistency, and fairness.
- We want our students to be accepting of difference, respectful, and curious.
- We will promote a growth mind set.
- We will foster a repertoire of good learning behaviour
- We will give developmental feedback. We don't see 'making mistakes' - we see opportunities to learn.
- We will foster skill development and seeing the links across and within the subjects.
- We will use transferable strategies from other Faculties (such as PEE and PEEL methods from English).
- We are delighted to learn from our students.
- We will teach research and evaluation skills as needed for the world of work.
- We will find ways to use the new digital technologies to transform learning.

We value:

- The whole person - we wish to prepare students for life.
- Being brave – mistakes are a stepping stone to learning

Learning will be:

- **Brave** (you'll need to take a chance)
- **Relevant**
- **Academic**
- **Vocational**
- **Evaluatory**
