Senior Leadership Team - Awards for excellent work

During Term 6 a new aspect of the rewards system will be trialled.

When senior staff visit lessons and a teacher indicates that a student has completed an excellent piece of work (in relation to their ability) the student will receive a Senior Leadership Team Cumec. These will be a different colour from the orange-coloured cumecs already in circulation.

These will be equivalent to 5 cumecs when the count is completed for the House totals. If successful, this will be written into the rewards handbook for September 2016.
